November 13, 2024

### FOR IMMEDIATE RELEASE

Wailuku, Maui, Hawaii – As of 4:30 p.m. November 13, 2024, 298 Maui County voters cured deficiencies with their ballot envelopes. All cured ballots are securely transported to the Counting Center, where elections personnel open the ballot envelopes, remove the secrecy sleeves, and prepare the ballots for scanning and counting. All of this work is done in the presence of official observers. Results will be announced by the State Office of Elections and posted at [www.elections.hawaii.gov](http://www.elections.hawaii.gov) under the “results” tab.

“We are gratified by Maui County voters’ attention to this ‘cure’ process,” said Moana M. Lutey, Esq., County Clerk. “Many voters cured their ballot envelope issues prior to election day, and so their ballots were already counted. These additional cured ballot envelopes are the result of the diligent outreach efforts by dedicated County staff who immediately mailed voters, and followed up with emails and phone calls for voters who provided this information in their voter records.”

Voters can check the status of their ballots by visiting [Hawaii.BallotTrax.net](http://Hawaii.BallotTrax.net).
